EXPERIENCE RELATED TO CODING AND DESIGN

Coding

- Learned entry level of C++/Python in high school and college for half a year respectively
- Attended Python workshop led by CS major students in Nation Taiwan University and finished a web crawler project with other 3 team members, which integrates the book searching service of local and public libraries in Taiwan

Design

- Taken a human-computer interaction course under the department of library and information science
- Gone through the design thinking process with other 3 team members and designed an in-car tour guide app prototype as the final project
- My role mainly focus on developing persona and prototype using Figma in the above-mentioned project

EXPERIENCE RELATED TO SCHOOL CLUB

PUZZLE SOLVING CLUB – National Taiwan University, Taipei, Taiwan

2021-2022

Vice President

- Co-lead the club that is over 50 people as an executive role
- Designed on-line puzzle-solving game using gather town
- Directed an on-campus scavenger hunt (players can play with app) and earned a profit of about \$350

ADDITIONAL

- Native Mandarin speaker; Conversational French
- Puzzle-solving and escape room lover
- Doing yoga and cycling
